Overview	Provides exposure across the entire spectrum of the Australian market, predominantly with a focus on the S&P/ASX 300 Index. The fund is managed by BAEP in accordance with a quality Australian all-caps equities strategy.	Provides exposure across the entire spectrum of the Australian market, including within the S&P/ASX 300 Index and beyond. The fund is concentrated in BAEP's highest conviction stock picks, typically holding in the order of 25 stocks.	Provides exposure to ex-20 stocks, being those stocks in the S&P/ASX 300 but excluding the top 20 stocks. The fund taps into the investment potential that lies beyond the largest stocks, where there is generally the opportunity for greater diversification and a broader opportunity set.	Provides a low cost exposure to the S&P/ASX 300 universe, through a combination of an indexed position in the S&P/ASX 20 and an actively managed investment in ex-20 stocks as used in BAEP's ex-20 strategy.	Provides exposure to ASX-listed securities of small-cap and micro-cap companies that are covered by the investment research capabilities of BAEP. These companies generally have more potential for growth relative to large companies as they may be in early stages of development.

Investment objective	To grow the value of your investment over the long term, by investing in a diversified portfolio of primarily Australian shares, providing a total return that exceeds the S&P/ASX 300 Accumulation Index by 2% p.a. after fees (measured on a rolling three-year basis).	To grow the value of your investment over the long term via a combination of capital growth and income, by investing in a diversified portfolio of primarily Australian shares, providing a total return that exceeds the S&P/ASX 300 Accumulation Index by 4% p.a. after fees (measured on a rolling three-year basis).	To outperform the return generated by the S&P/ASX 300 Accumulation Index excluding that part of the return that is generated by the stocks comprised in the S&P/ASX 20 Index, which represents the 20 largest stocks by market capitalisation in Australia, by 4% p.a. after fees on a rolling three-year basis by actively managing a portfolio of primarily Australian shares outside the top 20.	To outperform the return of the S&P/ASX 300 Accumulation Index by 2% p.a. after fees on a rolling three-year basis by combining indexed positions in the S&P/ASX 20 Index stocks with an actively managed exposure in primarily Australian stocks that are outside the S&P/ASX 20 Index.	The Fund's objective is to achieve returns after fees in excess of the benchmark over the medium to long term.
